

### CAMP PHILOSOPHY

UNK Soccer Camps are designed for soccer players who are looking for a challenging, energetic atmosphere where they will be pushed to reach their full potential through a positive environment that will encourage a strong work ethic and will build passion, confidence and self-esteem! We will focus on teaching proper technique, tactical awareness, game situations, agility, core strength, coordination, balance and will reinforce the importance of fitness and endurance for soccer players.

### MESSAGE FROM OUR COACHES

"Our camps are great for all levels - from beginners to advanced players! Each player will get an authentic UNK Soccer experience, where they will learn from and work with UNK Coaches and Players along with a great, professional supporting staff made up of top college coaches, college players and high school players. I look forward to working with the young players of our region and passing on the knowledge of this wonderful game that I have been blessed to have been able to play and teach for over 36 years!"
